General Announcements

- **SOL Growth Assessments**– All 3rd-5th grade parents received a message about growth assessments that begin this week. Please see the planned schedule posted in the Upcoming Events. Make sure that your child attends school each day (that they are healthy enough to do so) and arrives on time for testing.
- **Government issued ID required**– All parents/visitors are required to have government issued ID to pick up their child.
- **Parent Drop Off/Pick Up**– Please see the map on page 2 for the map of where to arrive for pick up and drop off. Students will receive duplicate cards on their backpacks this week to match with the parent pink cards this week. Please leave these cards on your child's backpack to ensure consistency in our process.
- **Arrival/Dismissal**– Parents, we ask that for staff's ability to get in and out of the staff parking lot to safely supervise & receive your children, **that you not arrive on grounds prior to 7:10am/1:25pm daily for drop off/pick up.** If staff have an emergency and need to leave the parking lot, we also ask in the afternoon that you show courtesy and make a way for them to leave.
- **Bus Driver Openings**– CPS could use you as a bus driver! Please consider applying to fill one of our 120 openings ([click here](#) to apply).
- **COVID Quarantines**– If you or any member of your household is being evaluated for COVID-19 or has symptoms, contact patricia.johnson@cpschools.com **before** sending them to school. If your child is exposed and placed on quarantine by Health Services, we will issue Chromebooks for them to attend virtual lessons and access learning materials through Schoology.
