Potential Internet Resources Available

The resources below are not an exhaustive listing and have not been endorsed by the school district. However, they are resources you may want to pursue on your own.

- FCC agreement: Providers will waive late fees, provide open hot-spots and will not disconnect service for lack of payment.
- Connect2Compete program.: Limited-time, first two months free of Connect2Compete service, $9.95/month thereafter.
- Comcast COVID-19 response: Offering free Wi-Fi for two months to K-12 and higher education students. All Xfinity hot-spots are free to the public during this time.
- AT&T COVID-19 response: Offering open hot-spots, unlimited data to existing customers, and $10/month plans to low-income families.
- Verizon COVID-19 response: Offering free international calling to most countries. Customers should call to receive temporary plan upgrades, including data options.
- Sprint COVID-19 response: Offering unlimited data to existing customers and allowing all handsets to enable hot-spots for 60 days at no extra charge.
- T-Mobile COVID-19 response: Offering unlimited data to existing customers, and, coming soon, will allow all handsets to enable hot-spots for 60 days at no extra charge.
- Charter Free Internet offer for 2 months: Offering free Spectrum broadband and Wi-Fi access for 60 days to households with K-12 and/or college students who do not already have a Spectrum broadband subscription and at any service level up to 100 Mbps. To enroll call 1-844-488-8395. Installation fees will be waived for new student households.

Additionally, the school district has access points available in the bus loops at each of our schools which would allow for approximately 20-30 internet connections.

Cox also has opened up a variety of "hotspots" throughout the area through the end of May. These hotspots are available for anyone's use. Users need to look for the SSID "CoxFreeWifi", connect, and accept the terms and conditions on the splash page. No username or password is required. The link shows all of the hotspots in the area: www.cox.com/hotspots
