

SCHOOLGY BASICS FOR PARENTS

- Once you are logged into Schoology, you will now be able to see your child's activity.
- To view your child's activity, select the toggle-down arrow next to your name.

- You will see your child's name below it.
- You will also see the Add Child button.
- If you have other students in the district, select Add Child to enter the access code. This will allow you to view all of your children's activities in one location.

- Once you select your child's name, you will be redirected to view-only your child's Schoology account. For more information about what you can view, visit: [Schoology: What can parents see about their student?](#)
- For privacy reasons, parents will only see their child's information.
- Parents will only see the teacher of the course in the Members section. All other students will not be visible.
