

Chesapeake Public Schools

COVID-19 UPDATE

Hello, this is Dr. Jared Cotton with an important update from Chesapeake Public Schools.

Earlier this afternoon, the Governor announced that schools in Virginia would be closed for the remainder of the school year. We are deeply saddened by this news and we join educators across the state as we work to imagine what the next few months will look like.

We know you have many questions and we will continue to address them as quickly as we can. The Virginia Department of Education will provide guidance in the coming days as we all work to address this unprecedented situation.

We understand that our students, parents, teachers and the entire community are feeling a variety of emotions in response to this announcement. As I said before, our values are tested in times like these. We want you to know that we will continue to do all we can to support you and we want everyone to continue to....

Stay home, stay safe, and stay connected.
